Mission & Vision

Mission

The Robotics Education & Competition Foundation's global mission is to provide every educator with competition, education, and workforce readiness programs to increase student engagement in science, technology, engineering, math, and computer science.

Vision

We see a future where every student designs and innovates as part of a team, overcomes failure, perseveres, and emerges confident in their ability to meet global challenges.

**Inspiring students,
one robot at a time.**

Volunteer Training and Certifications

- Smaller “core” certifications, with various “add-ons” - similar to teaching endorsements.
- Once you complete a course, it will be applied across all certification programs.
- Badges are earned for each course, and Certificates are available once a Certification Program is complete!

Benefits of the Moodle Format

- > BETTER COMPLETION AND PROGRESS TRACKING
- > SELF-ENROLLMENT IN COURSES AND CERTIFICATION PROGRAMS
- > BADGES / GAMIFIED LEARNING
- > COURSES APPLY TO MULTIPLE CERTIFICATIONS
- > ACCESSIBLE VIA WEB BROWSER OR APP
- > AUTOMATICALLY GENERATED CERTIFICATES

Getting Started

training.recf.org

01

A smartphone screen showing the REC Foundation login page. The page has a white background with a blue gear logo at the top. Below the logo are input fields for 'Username' and 'Password', a 'Log in' button, and a 'Lost password?' link. Further down, there is a section for new users with the text 'Is this your first time here?' and 'Welcome!'. It states that for full access to courses, users need to create an account and use the same email as on RobotEvents.com. A 'Create new account' button is provided. At the bottom, there is a note about cookies and the text 'Powered by Moodle Workplace'.
